ENGL 1365 – Literature of Minorities
Bruce Levy

ABOUT THE COURSE

The course interrogates questions of individual and collective identities from historical, contemporary and literary perspectives. We look closely at the many categories that have constituted identity in the US, and the myriad terms/categories that have come to constitute our cultural conversation about who "We, The People" are.

WL 3308
Introduction to General Linguistics
Gabriela Vokic

WHAT STUDENTS SAY

"This class was amazing. The subject matter is fascinating, and Dr. Vokic presented it so well. She is an amazing professor who is clearly highly knowledgeable in her field, as well as skilled in stimulating students' interest in fun, engaging ways."

june session

ADV 2302
Advertising, Society & Ethics
Sidharth Muralidharan

WHAT STUDENTS SAY

"This course opened my eyes to how ethics can be applied in the field of advertising and beyond. I learned to be a more critical thinker when viewing and interpreting advertising messages."
